

# The 2nd Advanced Medical and Medicine Forum

Tuesday, July 23rd, 2019, the 2nd Advanced Medical and Medicine Forum was organized at Hotel Mulia in Jakarta, the capital city of Indonesia. JMIC Co., Ltd. took the lead in the establishment of the Non-Profit Organization, Japan-Indonesia Medical Collaboration Association (JIMCA), as the main organizer for the 2nd Forum.

The purpose of this forum is to improve the quality of medical and welfare facilities in Japan and the Republic of Indonesia and promote public health in both countries. Lectures were given by three doctors from Japan on the theme of "Diagnostic Technology of AI and Radiographic Image Technology to Improve Diagnostic Capabilities" and approximately more than 500 audiences from Indonesian medical doctors and radiology technicians participated in this medical forum.

On that day, The organizer, JIMCA and PT. Pertamedika-IHC (Indonesia Healthcare Corporation), and also JMIC Co., Ltd. as medical forum co-ordinator committee, signed memorandum of understanding between three parties to collaborate for the development of medical industry in Japan and Indonesia Republic.

Co-organizer PT. Pertamedika-IHC (Indonesia Healthcare Corporation) is a state-owned enterprise operates over 100 hospitals and clinics in Indonesia.
